Wood Firebox

This striking triple-sided contemporary fireplace is designed to become the centrepiece of any space. Wherever you stand, you’ll enjoy a stunning, uninterrupted view of the fire. Featuring three retractable glasses that glide seamlessly out of sight, the D10003V showcases Chazelles’ innovative engineering at its finest. Customisable to suit any interior, its clean, uninterrupted lines are enhanced by a discreet, removable handle for a refined finish. An integrated hot air ducting system ensures warmth is distributed evenly throughout the room. With the D10003V, the possibilities for creating a truly exceptional atmosphere are endless.
